## 4/15/2019 06:51 PM Fire Fighters were Called The alarm system does not automatically summon the fire brigade. 4/15/2019 06:48 PM Fire burning out of control in main attic. By the time the guard climbed the 300 steps to the attic, the fire was completely out of control in the rafters, known as "the forest" due to its massive timbers. Only then was the fire department 4/15/2019 06:43 PM The Manager called back: "Run to the main attic!!" The Manager called back upon receiving the message. After some time, he realized that the team onsite had possibly made a mistake. He ordered the guard to "run to the main attic!" 4/15/2019 06:28 PM The Security Employee called the Manager to report the "false" alarm. The Security Employee called the Manager to report the alarm, but was unable to reach him. He left a message. 4/15/2019 06:22 PM Church guard sent to check on alarm source. The employee monitoring the smoke alarm system radioed a church guard. He was in the main cathedral monitoring mass, including several hundred people. He was told to check the Sacrisity - a building located to the south of the main Cathedral. There was no fire present in the Sacrisity. He reported his findings back to the 4/15/2019 07:50 PM control room. Spire Collapses When the spire collapsed, it sent a powerful draft/fireball through the attic structure, slamming doors and causing firefighters to retreat. 4/14/1345 4/15/2019 06:18 PM Cathedral Completed Red warning light flashed on smoke alarm 4/15/2019 08:20 PM monitoring panel "Feu" (fire)! 4/15/2019 07:00 PM Firefighters Abandon Trying to Save the A security employee was monitoring the smoke alarm panel when the warning light began flashing. He then radioed a guard to check it out. He was located in the Presbytery, a smaller building located south of the main Cathedral. 4/15/2019 07:40 PM Work Begins on the Cathedral Fire Fighters Arrive on Site Fire Spreads to North Tower More than 400 fire fighters were engaged in fighting the fire. 100 people formed a human chain to move precious objects to safety. 4/15/2019 09:45 PM Firefighters realized the roof was lost. So they The fire spread to the wooden framework in the north tower, which supports 8 large bells. focused efforts on saving the towers from Fire is Brought Under Control collapsing. 7:58 PM 8:07 PM 8:16 PM 8:25 PM 8:34 PM 8:43 PM 8:52 PM 9:01 PM 9:10 PM 9:19 PM 9:28 PM 9:37 PM 4/14/1163 4/14/1345
